## S'NESS IS GOOD WITH ALLUM THE HONEYMAKER

Weeks ago, in the spring year, The Independent car-  
story about how the bees

growers of the Grimsby by rushing around each pollinating blossoms like-  
ing. Well, these same little  
the ones which use to collect to make honey.  
honey is deposited in combs  
are found in frames, which  
tained in supers that are  
four or five or so to a col-  
undetermined number of  
make up a bee yard.

it is the removal of the  
from this complicated sit-  
which interests us here. In  
with this little problem  
it to see our friend Harold  
strepid Beekeeper) McCol-  
proven to be very helpful  
us about extracting and  
the honey.

frames are removed from  
pers and the wax caps on  
ils of the comb are removed  
ns of a large knife the blade  
ch is heated by electricity.  
caps are placed there in the  
ace by the poor misguided  
ees to protect their wares.

removal of the caps the  
are placed in an upright  
n a steel frame which is  
a large steel drum. The  
is closed and the frame,  
is driven by an electric mo-  
hirs with great speed. The  
operation is much like the  
uge used in the Babcock  
the centrifugal force removes  
oney from the uncapped

in there the honey flows into  
bottom of the drum and drains  
tank set into the floor be-  
Here a steam coil heats it  
is then pumped by means of  
ry honey pump to the upper  
On the upper floor it is pa-  
through four strainers which  
from about ten to 80 mesh

## NEW NEWSON BUILDING NEARING COMPLETION

The new building which stands  
where the old A. Newson and Son  
basket factory used to be is now  
virtually complete and ready for  
occupation. It has been leased to  
Harris Motors who are subletting  
part of one floor to the Scott Fishing  
Tackle Co.

The two storey building is of  
cement block construction all the  
way through. It is 68 feet long by  
52 feet wide and the upper floor  
has hardwood flooring. Large windows  
in the front and large delivery  
doors in the front and side of  
the upper floor will suit the pur-  
pose to which Peach King pres-  
Harris, intends to put the struc-  
ture.

Harris Motors intend to use the  
new building for the display and  
repair of farm implements. On the  
lower floor will be the farm imple-  
ment repair shop as well as an  
auto body and fender repair shop  
the latter of which will contain a  
complete paint shop. On the upper  
floor the implements will be dis-  
played and sold. There has yet to  
be a partition put into the upper  
floor and two offices, one for the  
Scott Fishing Tackle Co. and one  
for Harris Motors Ltd.

## MARION HONEY SEVERELY INJURED AS AUTO SKIDS

An accident on the Queen Eliz-  
abeth Highway last Thursday  
evening resulted in the serious in-  
jury of Miss Marion Honey of  
Grimsby, and in the shaking up of  
three other young people of the  
district. Miss Honey's injuries con-  
sisted of a compound fracture of  
the skull, lacerations to the side of  
her face and severe shock. At this  
writing Miss Honey was improving  
steadily and it was expected that  
she would be confined for about  
two weeks. Others in the car at the  
time were the driver, Mr. George  
Lindsay Jr. of Toronto and Grimsby,  
Miss Mary Dunn of Grimsby, and Mr. Russell Robinson  
of Detroit and Grimsby Beach. The  
two boys were not seriously in-  
jured nor was Miss Dunn although  
she received a lacerated arm.

The car was proceeding eastward  
on the Queen Elizabeth Way when  
just east of the Lincoln County line  
it skidded on the wet pavement  
and side swiped a hydro pole. The  
force of the blow was absorbed by  
the left side of the car just behind  
the driver. Damage to the car was  
estimated at about \$750.

## GRIMSBY WEATHER

ek ending at 8 a.m., Monday,  
st 15th, 1949.  
st temperature 98.2  
st temperature 63.5  
pitation 0.26 inches

## From Ukraine Wheatfields To Grimsby Peachland

A prominent businessman and citizen of Grimsby, Peter Kondziola, has resided here since June of 1947. Mr. Kondziola, or Peter "Fruitbelt," as he prefers to be known, was born in the Western Ukraine, where he worked as an accountant for many years. In 1926 he migrated to Canada and settled in Montreal where he became caretaker of a large Trust Co. and at the same time started his own grocery store. In June, 1947, he sold his business in the big city and moved to Grimsby where he purchased the Fruit Belt Restaurant. By providing excellent food and service, Peter has built his business to its present thriving state with the able assistance of his wife and his charming daughter, Helen. Peter and his family are a real addition to the town and to the district.—Photo by Robt. Aldrich.

## CARNIVAL PROCEEDS CLEAR HALL OF DEBT

At a meeting held Monday night  
at the Legion Hall, the Winona Le-  
gion released the gratifying news  
that the Annual Carnival had  
been a complete success beyond  
the hopes of the members who  
planned it. The last final debt on  
the Legion Hall of \$500.00 was  
cleared and a good working sur-  
plus left, and the effort was felt  
to be a splendid achievement on  
the part of everyone who turned  
out to support it, not only from this  
community but from the whole  
municipality.

To-day, with the Hall complete  
in every detail, the picture is far  
different from a year ago, when  
at the end of April, the Legion had  
no home, little cash, a few bits of  
Carnival equipment at the back of  
them. The great strides made  
through the generosity of the  
township, and donor organizations  
that repeatedly helped when the  
need was greatest, have put the  
Winona Legion on their feet as a  
forceful organization, with the Hall  
standing behind them as a home  
for themselves and a meeting place  
for the community.

The heartfelt thanks was ex-  
pressed on behalf of the Legion  
by Publicity Chairman, H. O.  
Thomasson, to all those who  
turned out and gave the Carnival  
their complete support, and put the  
biggest affair they have ever had,  
over the top!

## D.F.C. AWARDED TO "BUD" LIPSET AT MT. HOPE

A local boy "Bud" Lipsett of  
Grimsby, was among those men of  
the R.C.A.F. who received decorations  
in an investiture at the  
Mount Hope Air Force Station a  
few weeks ago. The decorations  
were presented by the Hon. Ray  
Lawson, Lieutenant Governor of  
Ontario.

"Bud" received a Distinguished Flying Cross earned while flying  
a bomber in Egypt during the  
fighting in that area. In all some  
55 men received decorations at the  
ceremony among whom was another  
local boy, Livingston "Cap" Foster of Grimsby Beach.

## DOMINION STORE CLOSES DOORS AFTER 27 YEARS

This Saturday another of Grimsby's chain stores will close its  
doors, as the Dominion Store joins  
the A & P as former places of  
business on Grimsby's Main Street.  
It was in 1947 that many noted  
with regret the closing of the A & P,  
and now due to their lease  
terminating, the Dominion closes  
its doors to its many patrons in  
this area.

The Dominion chain first entered  
the Grimsby scene in 1922, when  
Alex "Scotty" Ryan became man-  
ager of the store that was located  
in the Marlatt block, which now  
houses the Liquor Control Board  
store and other places of business.  
Soon after the opening, they moved to  
what is now known as the Nancy Ann Shop, and the third  
move was to its present location in  
the Hawke Block.

A succession of managers has  
operated the store, the most recent  
being Mike Romano, who came  
here two years ago, and who notes  
with personal regret the closing of the  
store, and the losing of a host  
of friends here in Grimsby.

As the stock is moved from the  
building, it will be surplanted by  
another vastly different line of  
merchandise, for Tony Stadler will  
bring his Grimsby Furniture Store  
downstairs, once a re-modelling  
job is completed, including alter-  
ations to the front of the store.  
Mr. Stadler will also maintain the  
second floor, both for display pur-  
poses and his very successful  
paint department.

Mrs. Stadler told The Independ-  
ent to-day that they will take pos-  
session on the first of September  
and will attempt to be ready to  
open by the first of October.

## PEACHES ARRIVE SAFE AND SOUND IN BERMUDA

BEAMSVILLE, Aug. 16.—Arthur  
Kimberley, manager, Beamsville  
Growers' Co-operative, stated yes-  
terday that he had just received  
word that the first air shipment of  
peaches had arrived in Bermuda in  
excellent condition. A repeat order  
for peaches and other fruits came  
at the same time. The manager  
said perhaps he would include  
plums also in the shipment this  
weekend.

## CAR ACCIDENT AT STOPLIGHT MAY RESULT IN CIVIL ACTION

### VITROLITE FRONT DRESSES UP FRUIT BELT RESTAURANT

A face lifting procedure is under-  
way at the Fruit Belt Restaurant.  
The genial proprietor told us  
that the front of the building is  
going to be completely changed.  
Across the bottom and top of the  
new front is to be green (tur-  
quoise) vitrolite, while the sides  
will be done in black. And just to  
show that there is nothing in the  
least backward about the place  
they are going to install a brand  
new soda fountain counter which  
should arrive sometime near the  
end of this month.

To complete the effect, Helen  
tells us she is going to hang velvet  
curtains along the sides of the new  
windows. This is to give it that  
"cosy" effect.

### DISTILLERY INSTALLS STOKER TO ELIMINATE SMOKE AND SOOT

It begins to look as though the  
long-suffering residents of the new  
Aitchison Survey will soon have  
some long awaited relief from the  
smoke of the local United Distilleries Limited plant on Oak Street.  
At the present time the prevailing  
west wind carries much smoke and  
soot over to the survey and causes considerable annoyance and  
damage. The situation is, however,  
being given attention by officials  
of the company, and steps are being  
taken to reduce the amount of  
smoke which escapes.

A Hewson and Son, who are  
now the local agents for the Liv-  
ingston Stoker Company are in  
the process of installing a stoker  
at the plant which it is hoped will  
aid the situation. This stoker is  
being installed by Mr. Walter Hills  
who is in charge of this branch of  
A. Hewson and Son.

The hoped for improvement is to  
be brought about in this way.  
Formerly when a good fire was  
burning it was necessary to load it  
from the top in the conventional  
way. Thus each time the fireman  
opened the door and deposited coal  
the waste material was immediately  
blown skyward by the draft.  
The new stoker is of the under-  
feeding variety. Coal in the hopper  
is driven along a shaft and into  
the fire from beneath. At the same  
time a blast of air for combustion  
purposes is driven in from the  
side. The result is that almost all  
waste is trapped and ignited with  
the coal which not only gives increased  
efficiency, but also keeps it  
from escaping in the form of  
smoke.

The stoker is a model 60 which  
is capable of feeding 650 lbs. of  
coal per hour. The hoppers will hold  
some 750 lbs. of coal when full and the  
minimum rate of feeding is 300  
lbs. per hour. The unit is powered by  
a three horse power, 25 cycle  
motor.

### FARMERETTES FIGHT FIRE SUCCESSFULLY

There was a fire down at Grimsby  
Beach the other day which took  
Fire Chief Alf LePage and his men  
on a quick and fruitless run. It  
was on the lake bank in front of the  
Farm Service Force Camp and although it only covered a few  
square feet of grass things were  
hot and heavy in that area for a  
while.

It apparently started from a  
trash barrel and was spreading toward a wooden bridge across a  
small ravine when help arrived in  
the form of a bucket brigade. The  
Farmerettes to the rescue! With  
small regard for minor injuries  
such as burned feet and minor ex-  
posures (due to quick and scanty  
dressing in some cases) the girls  
rallied to the cause and spread  
water around the area with such  
industry that by the time the Firemen  
arrived there was just nothing  
left to do.

The fire might have proved serious  
if it had not received such  
prompt attention, but the girls  
stepped neatly into the breach. If  
you should ever want any peaches  
or plums picked or other farm  
work done or if you find yourself  
caught short with a fire to fight  
anytime, just call up the Grimsby  
Beach Farmerette Camp. They can  
handle anything.

Disputes and complaints featured the August meeting  
of the Grimsby Town Council as Mayor Lewis and Councillors  
Lothian, Scott, Grossmith, Price, Constable and Braid per-  
spired their way through a long three hour session of town  
business.

The first major question of the evening was brought  
up when Mr. Harold Pickett appeared before council to protest  
the way in which the Chief of Police of Grimsby handled  
an accident which involved his car and that of an American  
tourist from New York City. Mr. Pickett took the floor on  
his own behalf.

Mr. Pickett felt that the Chief of Police of the town had failed to  
enforce the law against the American and as a result that the town  
should be responsible to the damages of an estimated two hundred  
dollars which were done to his car. He stated that as he approached  
the intersection he saw the light was against him and waited. When  
the light changed, Mr. Pickett said that he proceeded to make a left  
turn off Depot Street onto Main and that the American car appeared  
seemingly out of nowhere and the Town should be responsible for  
the damage to the truck.

It was reported that the Chairman of the Board of Works had  
inspected the culvert in its present condition and admitted that it was  
a hazard.

The Mayor advised Mr. Bonham that in view of the facts he should  
submit his account to the town and that insurance which was carried  
for such purposes would cover it.

Mr. Bonham mentioned further  
that there were some stop signs  
on Lake Street at Maple Ave.  
which he felt were out of place. He  
stated that the steep hill on Lake  
street where it met Maple Ave.  
made it impossible to stop a heavily  
loaded truck and that it gave great  
difficulty in stopping a car.

Again Mayor Lewis was in  
agreement with Mr. Bonham and it  
was promised that the Mayor would go to the Board of Works  
and find out who put the signs up  
and have them reversed.

A housing question faced the  
meeting for a moment when it was  
pointed that among the building  
permits to be granted was one for  
a temporary residence during the  
winter until the owner's house  
could be finished next spring. Deputy Reeve Constable objected on  
the grounds that there were already too many of these "tempor-  
ary residences" in the town.

Major Lewis pointed out that the  
only way any restriction could be  
introduced would be in case that  
the area was a restricted one or  
that health department regulations  
were not satisfied. Since there  
were no restricted building areas in town,  
nothing would be done. The Mayor  
expressed his confidence in the  
fidelity of this particular man  
and said he felt sure that he would  
complete his residence in the spring.

The bylaw was passed to execute  
the agreement of the town with  
Mr. Gordon Hannah in regard  
to the establishment of a new sub-  
division in Grimsby.

The question of the smoke nuisance  
from the local canning factories  
came up for consideration as well.  
It was laid aside, however, when it was pointed out by the  
Mayor that there was no bylaw to  
cover it. Deputy Reeve Constable  
pointed out that there were methods  
of stopping smoke nuisance by  
means of changes in the fuel-burning  
setup, which would be paid for  
by the saving which would result.

(Continued on Page 3)

## COUNTY COUNCIL FIND LITTLE BUSINESS

Warden Leslie Lyburner opened  
the August sessions of the Lincoln  
County Council today in St. Catharines  
with only two items of correspondence on the agenda for  
the council's consideration.

The council was informed by letter  
today by the Hon. Harold R. Scott, Minister of Lands and Forests  
for Ontario, that it would be inconceivable to have a closed season  
on pheasant shooting in Lincoln County during 1949. The minister  
also advised the council that an open season for deer is not anticipated  
this year in Lincoln except in the event of municipalities requesting  
it on a basis of crop damage.

A resolution recommending that  
the cost of secondary school education  
be distributed amongst the various municipalities on a per capita basis  
was submitted by the County of Huron for Lincoln's consideration.  
The measure will be dealt with during the sessions of the  
finance committee.

# Facts • And • Fancies

FRANK FAIRBORN, JR.

True independence is never afraid of appearing dependent, and true dependence leads always to the most perfect independence.

## CENSUS, 1950

Thirty-five countries will take a census in 1950, the United States and Canada being foremost. There are 19 in the western hemisphere where noses will be counted, 15 in Europe. The U.S.A. census will cost \$75,000,000, twice the sum of the last census; it is the biggest clerical job of all time and involves a personal call, by an enumerator, on every mansion and shack in American territory. The sum total is 41,000,000 homes, to be reached by 160,000 men and women.

Canada is expected to show a population of 12,000,000 or better; the U.S. will show 150,000,000 people, perhaps more. That would be 18,000,000 increase in ten years. They never counted on that; it was not expected until 1960 or maybe 1970. The stork has upset all calculations. As one writer puts it: "So many babies were born during and after the war that the Pooh-Bahs were left standing on their ears."

Many strange things happen to the en-

umerators, many strange conditions are met. Ninety per cent of the people want to be helpful, and there is a lot of hospitality. There is one stock problem common to all enumerators, a tough nut to crack, getting the correct age of women. It is one item on the question paper, where fidelity to truth goes right out the window in tens of thousands of cases. Not all, by any manner or means, but

The average citizen will have, in the U.S.A., about 60 questions to answer, including income, wealth and everything ordinarily kept secret. The farmer will have about 60 more than the average, all about crops and stock. The census will thus be a complete economic inventory. The counting of noses is only a relatively small part of the information Uncle Sam demands. The Canadian census is along similar lines and, of course, the enumerators will be on the Liberal patronage list.

## THE WASTE OF LEISURE

(From the Financial Post)

"Atomic energy confronts mankind with his dreadful choice: If we have war we shall be blown to bits; if we have peace we shall be bored to death." This was the comment of Robert Hutchins, chancellor of the University of Chicago, on the failure of most Americans to make anything out of their leisure.

The responsibility of the educationists for at least part of this situation was the subject of an illuminating editorial in the Guelph Mercury recently.

"Our scientific scholars and educators generally are so busy piling up isolated mounds of new knowledge that they never find time to lump them together into a well-molded mass. By ignoring this task they obscure the basic unity of all knowledge."

## ITEM FOR THE RECORD

(From the Christian Science Monitor)

Francis Cardinal Spellman has made a very important statement as the apparent culmination of his controversy with Mrs. Franklin D. Roosevelt over the inclusion of parochial schools in federal aid to education.

"We are not asking," he says, "for general public support of religious schools." He adds: "We do not ask nor could we expect public funds for teachers' salaries or for construction or maintenance of parochial school buildings."

This does not explicitly pledge—and perhaps no one in the American hierarchy can promise—that Roman Catholic demands for direct aid to schools will not be made in the future, but it does state the present aims and requests of that church with a precision not evident in earlier comments by its responsible leaders.

Last November the Roman Catholic Bishops of the United States in a formal statement avowed they would work for revision of the concept of separation of church and state which the United States Supreme Court has adopted in two recent leading cases. This could have meant they disputed the ban the court pronounced against use of public funds for direct aid to sectarian education.

Cardinal Spellman accepts the distinction made by the Supreme Court between direct support of instructional expenses of private schools and the granting of "auxiliary services" such as free textbooks, bus rides, and health attention to their pupils. He limits the demands of Roman Catholics in the United States to the latter category.

This is an important commitment which may help to break the apparent impasse over federal aid to education in the House of Representatives. It is an important point, one possibly of long-range significance, to go into the record of that discussion.

The Cardinal, however, goes on to argue that these auxiliary services not only should be granted to denominational schools in states which wish it that way—as provided in the compromise bill passed by the Senate—but should be forced through in all states regardless of their laws.

This would violate the constitutional policy of state control over education. We believe firmly that federal aid should not be permitted to lead to federal regimentation. Many Roman Catholic educators also have been concerned on this point. But if Congress could override the states in the distribution of the funds, it could tie practically any strings to the funds it would disburse.

## TOO MUCH AUTHORITY

(From the Elora Express)

Among the many briefs presented to the group of members of the Ontario Legislature who are holding sittings throughout the province in the interests of conservation, there have been several suggestions that new departments of government be set up to deal especially and we gather, with authority, on the conservation of natural resources, water, forests and soils.

Now there is a measure of satisfaction in having such things regulated by departments of government during a war or national emergency. But it is not our Canadian way to set up too many dictatorial bodies in our various governments. There have been too many such during the war years and the pressing problem is to get rid of them without interfering with the course of the country's business. So we would definitely not agree with these suggestions, one of which came from the O.A.C.

We have, in the Dominion and Provincial governments of this comparatively new country enough existing departments, often overlapping, to run the affairs of the continent. A great many of them are efficiently staffed. Some of them the equal of anything on the continent in their own particular field. The crying need today is intelligent groups of people who know their own needs and can visualize them in relation to the greater needs

of their country, to take these existing services and put them to work.

And so we would like to see more Authorities, such as that established for the Grand River. Authorities which are made up of men and women who know their farmlands and their river possibilities and their recreational needs. A start has been made and the degree of intelligent and unselfish interest shown in discussions of the Grand Valley Authority are an indication of what could be accomplished by such a group working through the many channels already existing. It will be slower, admittedly, than administration from the top but it would be built on the sure foundations of a people's need rather than the sometimes shaky and always uncertain sands of political expediency.

Who pleasure gives, shall joy receive.  
Be neither silly nor cunning, but wise.

All things are cheap to the saving, dear to the wasteful.

Where there's marriage without love, there will be love without marriage.

Lawyers, preachers, and tom-tit's eggs, there are more of them hatched than come to perfection.

## FOR OR AGAINST

The other day an editor phoned me and asked if I believed in "mercy killing." For the moment I suspected he had some designs upon my life and wanted to involve me as an accomplice before the fact. But he assured me that he had no such sinister motive. He suggested that I might write an article on the subject. I told him that I knew a little more about it than what I had read from time to time in the newspapers, and had never arrived at any definite conclusion on the question.

For one thing I don't like the term "mercy killing." I still believe in the Ten Commandments, and one of them says, "Thou shalt do no murder." If I were asked if I believed in "mercy murdering" I would be shocked at the question. The Commandment does not specify any particular method of murdering. Murder may be divided into two broad classes: violent and cold-blooded. Some violent murders may be premeditated, but they are usually committed in a fit of passion, which is a form of insanity, although it is not recognized as such by law. On the other hand, murders committed in cold-blood such as poisoning, are the more culpable because they are callously premeditated and do not give the victim a chance to defend himself, and they reveal a deeply-debased and sub-human nature.

Strangely enough, after coming to the above conclusion, I came across an Associated Press news dispatch from Cincinnati which told the story of a man who had been in a coma for more than six years and had been kept alive and in "good health" by artificial feeding. It is stated that a special nurse was with him every minute of the day, and that, under the doctor's directions he has been brought through pneumonia, indigestion and other ills. The man is known as "Patient X" and he entered the hospital after being struck on the frontal region of the head by an eight-pound pulley which fell from a ceiling.

## NOW EARLY SETTLERS COINED "INDIAN" NAMES IN ONTARIO

(From the Ontario Government Bulletin)

The Survey and Engineering Branch of the Department of Lands and Forests 15 years ago began a combined project of etymology and nomenclature with a view of aligning the province's historical and modern topography. To date the branch has listed and collated the names of 100,000 Ontario cities, towns, rivers and lakes.

The older established areas of Southern Ontario presented no great problem as the town sites, counties and townships were in the majority of cases named after similar locations in the United Kingdom. It was the Indian names and designations with as many as eight interpretations of spelling that presented the problems.

The spelling of Indian names in Canada has been the bane of both the topographer and tourist until an effort was made by the Dominion Geographical Board in co-operation with the provinces toward standardization. In the Indian languages it was found usual to identify an area according to local geographic conditions. Thus the "Place of the White Rolling Sands" or "Penetanguishene" was the outcome of Indian phrasing and phonetic spelling of the early settlers.

The white man's tendency to condense the Indian sentences into one word and then spell the word according to sound, presented the Survey Branch with the problem of standardizing numerous interpretations of place names. One such example is the Matabitchuan, or Hare River, that flows into Lake Timiskaming. Until standardization of spelling brought relief to the map makers, if not to the average person attempting to pronounce the tongue-twisting Indian words, as many as eight interpretations of this name were in common usage. Another forward step toward overcoming the effects of phonetic spelling by early topographers was the shortening of Indian words whenever possible, as in the case of Kuuow, pronounced Que, to simply Kw.

Without any effort to change accepted Indian names except in the case of duplication the Survey Branch found that many names commonly believed to be true Indian, were merely corruptions, and had their birth in the imaginative interpretations of early settlers. The area surrounding the Muskoka Lakes, now designated as "Muskoka," did not arrive at the present simple pronunciation and spelling without a struggle. Research disclosed that the name had evolved from the name of a great chief of the Huron tribe, Musquash, now the name of a river in the area, and corrupted by white settlers into Muskosh, and finally into Juskoka.

In the case of the word Ontario there is a question whether the meaning in Indian is "Handsome Lake" or "Sparkling Water." Authorities on the subject are at variance in the matter of interpretations. An Indian warrior may have expressed his admiration for the body of water no Lake Ontario, thus naming the lake, and at the same time adding a colorful word to the language of the white man who was to follow. The Indian flair for simple, direct physiology is seen in Lake Nipissing, which means "Little Body of Water."

Primitive trade and commerce with other tribes caused the Ottawa tribe to be known as "traders" or Adawa, later corrupted to Ottawa by the early missionaries and settlers. As the Adawa, or Ottawa River, was the main avenue of trade with other tribes, the name was applied to the river, and later grew to include the whole valley inhabited by the tribe.

The influence of Indian languages is naturally felt to the farthest reaches of

ing while he was working on a construction job.

The story goes on to say that "Patient X" is now 56 years old and is an industrial case. Up-to-date the Ohio State Industrial Commission had paid out more than \$65,000 for keeping him alive. Expenditures by the hospital, in addition, had exceeded \$6,000. The hospital physician is reported to have said: "It looks like he could live for years. His condition remains just about the same. His eyes continue to follow moving objects, but we have failed in every effort to learn whether he ever understands anything said to him. We know he feels pain occasionally, because he groans. He still bats his eyes. He also snores. We have learned something out of the case. That is that there is no excuse for bed sores."

So it has cost the authorities \$71,000 to learn that there is no excuse for bed sores. It may be claimed that the saving of this man's life and the preservation of his body in a state of health is a triumph of surgery and medical treatment. But his life was not saved, for the doctors know that he is no longer in that body which they are keeping alive by tube-feeding through the nose—or if he is there, they are keeping him a prisoner in a battered brain. To have let him die when they realized that there was no hope of recovery would have been an act of mercy toward his wife, who is a widow in all but name and is said to visit him frequently. He is dead to all intents and purposes, and it is not a question of mercy killing, for he was killed as a human being when the pulley destroyed the frontal region of his brain, and his body is being preserved as a curiosity.

In this case, at least, I believe in "mercy killing." And there may be other cases where recovery is hopeless, and where the patient is suffering physical torture and mental anguish when it would be a mercy to let the patients pass peacefully away rather than keep them alive by artificial means.

the province. Hundreds of rivers and lakes still retain the Indian designations handed down from generation to generation and now officially perpetuated by the Geographical Survey Branch. Even the redman's retreat before civilization has not cost the province any of its colorful nomenclature. Recently a Department of Lands and Forests survey party noted that a jutment of land in Lake Abitibi had a designation, one Indian Point and the other McDougall Point. Investigation cleared up the confusion of names. The only inhabitant of the point was an old Indian with the name of McDougall. The Point is now listed in all official maps as McDougall Point—at the insistence of the Indians.

Humor sometimes creeps into the work of the Survey Branch. Research into the origin of Ohwatawetawee Lake disclosed that a member of the survey party had fallen into a small Northern Ontario lake and the result was a name paraphrased along Indian lines.

## MEANING OF NAMES

BOYS' MEANING GIRLS' MEANING

Albert—Firm Ann—Gracious

Allan—Cheerful Audrey—Golden

Arthur—High-minded Barbara—Shy

Bruce—Positive Catherine—Pure

Charles—Manly Clara—Clear

David—Beloved Constance—True

Donald—Proud Doris—The sea

Douglas—Thoughtful Dorothy—God's gift

Edward—A guard Edith—Tall

Ernest—Serious Eleanor—Light

Frank—Dutiful Elizabeth—God's promise

Fred—Peaceful Evelyn—Hazelnut

Gerald—Affectionate Florence—Flourishing

Gordon—Generous Gladys—Demure

Harold—Unafraid Grace—God's blessing

Henry—Home ruler Helen—Light

James—The supplanter Isabel—God's promise

John—God's gift Jean—Loving

Kenneth—Handsome Lillian—Lily pure

Richard—Sternly just Margaret—Child of light

Robert—Winner Phyllis—Coy

Thomas—Good company Ruth—Friendly

William—Resolute Susan—Trusting

Virginia—Innocent

Better slip with foot than tongue.

And make them look like old things.

Blame-all and praise-all are two blockheads.

Would you live with ease, do what you ought, and not what you please.

Hot things, sharp things, sweet things, cold things, all rot the teeth.

Be temperate in wine, in eating, girls, and sloth, or the gout will seize you and plague you both.

Councillor Grossmith stated that he thought there was no way to control smoke where a heavy forced draft of steam was present.

On a motion by Scott and Price, the Roxy Theatre was granted permission to run a midnight show on Monday morning, Sept. 5th.

Some contention was caused in council because of the sale of three lots on Fairview Ave. R. H. Potter had applied to buy Lot 45 beside his own lot so that no one else would build on it and Lots 38 and 39 across the road for his daughter. This application was made on February 23, 1949, but apparently the letters did not for some reason come before council at that time.

He applied again on July 19, 1949. In the meantime, Mr. Gordon May had been in touch with Councillor Braid, Chairman of the Property Committee by phone, in regard to buying Lot 39. He had made formal application for the Lot on August 8, 1949.

The question was who was entitled to Lot 39. By motion Lot 45 was sold to Mr. Potter but Mr. Potter did not want either 38 or 39 unless he got both. One segment of Council felt that Mr. May should have Lot 39 because he would build soon and the town would gain in taxes. Another segment felt that if council had acted on the first application for the Lot last February that Mr. Potter would have had the Lot. Also it was pointed out that both Potter applications were previous to the by Mr. May. Since there was no actual restriction as to what was to be done with the Lots sold it was felt by this group that the Potter application should be considered first. It was then pointed out that Mr. Potter had waited from February until July to follow up his request.

The result was a motion to sell the Lot to Mr. May by Lothian and Anderson on which there was a split vote which was recorded as follows:

Yea: Price, Anderson, Grossmith, Lothian.  
Nays: Braid, Constable, Scott.

Mayor Lewis did not vote because Mr. May was his employee. Lot 38 was offered to Mr. Potter.

The council considered the financial statement up to date as to how the Town stood on its estimates for 1949. This brought up the question of expenses in regard to police work which were running higher than expected. Police Commissioner Scott pointed out that although the expenses were high the Department would for the first time have an inventory of real value this year. It was stated, however, that the expense of the trips to St. Catharines with prisoners was rather high in view of the small proportion of the resulting fines which came back to Grimsby. The Mayor intended to look into the matter.

Councillor Braid asked council for an increase in the wages of Cemetery Superintendent C. Walker. The motion: was defeated by council on the grounds that if his salary was increased because he was doing a good job and because his helper was getting the same wage for less responsibility it would cause trouble among other town employees.

Following motions and reports were presented and passed.

Water Report:

Meter Reading, July 31, 1949—192,840,000 gals.

Meter Reading, June 30, 1949—171,228,000 gals.

Pumped in July, 1949—21,612,000 gals.

Average per day, July, 1949—697,161 gals.

Biggest Day, July 4, 1949—881,000 gals.

Smallest Day, July 10, 1949—388,000 gals.

Increase Over July, 1948—2,865,000 gals.

Increase in Average per Day over July, 1948—92,419.

Diesel Pump ran 36½ hours.

Low Lift Gas Pump ran 28½ hours.

North Grimsby:

**Masons Attend Grimsby Beach Church Service**

On Sunday in the boys' tabernacle, the Rev. Charles Perkins of Belleville, preached at both services. Morning soloist was Mrs. David Hunter, of Cornwall. In the evening the Masons of Union Lodge, Grimsby, and Wilkinson Lodge (unchartered of Grimsby Beach) attended service. Over 100 Masons gathered at Bell Park, accompanied by Alfred Clark, W.M., of Union Lodge, and George Gaylard, W.M. of Wilkinson Lodge. Evening soloist was Mrs. Herbert Canning, of Beamsville.

On their return they will reside at Grassie, Ont.

An ancient remedy for fever was to wash the water over the patient and on to a frog, to which he fever was supposed to pass.</p

MISS MAY CRITTENDEN,  
Resident Staff Correspondent.

Telephone Your News Items To Her.

Dr. and Mrs. R. Fralick of Toronto, spent the weekend at the home of Mr. George Jarrett.

Mr. Geo. Chadwick of Montreal, and Mr. and Mrs. Lewis G. Winter of Lakewood, Ohio, spent a day with Mr. and Mrs. W. Furniss Clarke, Park Rd.

Mr. and Mrs. Fred Hunter and Diane of Hanover, are spending a week at the home of the former's parents, Mr. and Mrs. W. Hunter Central Ave.

Mr. P. Thornhill from British Columbia has purchased the home of Mr. and Mrs. Robert Walters, who are now building a new home on the corner of 1st and Park Ave. East.

Mr. and Mrs. R. M. Edgar have sold their lovely home on Central Ave. to Mr. W. L. Middlestead of St. Catharines. Mr. and Mrs. Edgar plan on going South for a time for Mrs. Edgar's health.

Mr. and Mrs. George Fair and son of Orlando, Fla., and Mrs. Fair's mother, Mrs. Hotalling of Albany, N.Y., are visiting Mr. George Fair and Mr. and Mrs. Robt. Cole.

Miss Jean Grey and Miss C. Snowden arrived on the Empress of Britain, August 10th, from Tynemouth, Northumberland, England, to be the guests of Fred and Mrs. Jewson. Miss Grey left for Busby, Alberta, on Sunday, where she is interchanging with a teacher who will teach at Monkseaton, Northumberland. Miss Snowden, who is interchanging with a teacher from Lakeshore Blvd. Public School, and who was stationed during the war at Eastbourne in the R.C.A.F., will be the guest of the Jewsons until she goes to Toronto in September. Both girls visited Montreal and spent five days in Ottawa and thought the latter city wonderful. They visited the Falls Thursday evening when the lights were on, before Miss Grey left for the West. Miss Snowden was in Hamilton on Tuesday. Meeting a teacher who has been in Canada teaching a year in Galt and a year in Calgary, returning on Thursday for home. All these girls are from Mrs. Jewson's home and are teacher friends of her niece, Miss Hilda Nicholson, of Tyn-

edward.

Chicken and Pecan Sandwiches  
To 2 cups chicken chopped, add 1/4 cup chopped pecans, 1/2 tsp. lemon juice, salt and pepper to season and just enough salad dressing to moisten.

**Tomato and Bacon Sandwich**  
Cut bacon slices in half. Cook and drain to get rid of surplus fat. Peel tomatoes and cut in thin slices. On buttered bread arrange a layer of sliced tomato, bacon, and shredded lettuce. Sprinkle with salt and pepper.

**Peanut Butter and Relish** mixed together make a good filling. It does not taste like peanut butter nor relish but has a taste of its own.

Other excellent sandwich fillings are—

Creamed cheese moistened with salad dressing mixed with pimento.

Devilled ham, sliced onion, and cucumber combined with salad dressing.

Any cooked meat chopped or put through grinder and combined with minced hard cooked egg and salad dressing.

Hard boiled eggs chopped and combined with chopped onion and salad dressing.

Watercress, sieved hard cooked egg and diced cucumber.

Cottage cheese with chopped crisp bacon and pickle.

Scrambled egg and grated cheese moistened with salad dressing.

Tuna fish and chopped celery combined with mayonnaise.

Cold sliced meat seasoned with horseradish or mustard.

Tuna fish, hard cooked egg, chopped sweet pickles combined with salad dressing and a crisp leaf of lettuce.

**Salmon Sandwiches**

3 tbsp. cooked salmon. 1 tbsp. mayonnaise, salt and pepper, small rolls, butter, cucumber or cress. Remove skin and bone from salmon and break it up in a bowl with a fork. Moisten with mayonnaise and season to taste. Split and butter small finger shaped rolls and spread with salmon mixture and thinly sliced cucumber or a little cress. Cress or parsley may be used for garnishing.

The next is a delicious sandwich spread given to me by Mrs. Roy Parks of Winona. It is called

**Cheese Sandwich Spread**

One 8 oz. package cheese (preferably Richmello as it blends in the best), 1/2 cup butter or margarine, 3 well beaten eggs, 1/4 cup vinegar, 1/4 cup white sugar, 1/4 cup milk, 1 tin pimento chopped fine, 2 green peppers chopped fine, 3 ts. mustard, 1 tsp. salt.

**Method**—Place in top of double boiler over hot water, the cheese, butter and melt. Add well beaten eggs, milk, sugar, mustard and salt. Add vinegar last. Stir and cook until consistency of cream. It will thicken more as it cools.

**GOOD BUY FOR SUMMER**

By ALICE ALDEN

ON THE STORE racks are nice little frocks with a summer look, yet quite capable of taking a girl into early fall without looking at all out of place as the new clothes trends make themselves known. Celanese jersanese, soft, silky rayon jersey, printed in a neat design, makes one such dress. It has uncluttered lines, an open-throat collar, a gathered skirt and a wide cummerbund in a contrasting color. It packs easily and the wrinkles hang out so it is a good choice for the vacationer.

**Strictly Canadian**  
by Claire Wallace

Ready, girls, to take it on the chin after the etiquette beating you handed the boys last week?

As mentioned then, an Ontario high school teacher questioned his classes of 8 girls and boys on the subject of etiquette. All the pupils said what they feel are the most frequent mistakes in good manners, on both sides. I reported in last week's column, the various ways the girls wish the boys would improve. Now, let's see what the boys think about the girls' manners, good and bad.

Boys rebel, practically to the last man, at seeing girls comb their hair in public places, applying make-up or adjusting stockings. Most of the teen-age boys condemn smoking in public on the part of girls, which only proves once more that the sterner sex prefers girls and women to be lady-like and feminine.

Nothing burns a boy so much as to spend his hard-earned allowance on taking a girl out, only to have her rave about the good time she had with another lad. She is probably trying to sound popular, but it has the reverse effect on him.

Remember to say "please" and "thank you" for attentions given and favors bestowed. The boys themselves may forget to say these three little words, but they are the first to notice and resent it, if girls lack the courtesy to express appreciation.

Be honest, plead the lads. Don't blame them for everything. When you are wrong, and know you are, admit it and say you are sorry; that's the nice girl.

Readers are invited to write Claire Wallace about their Etiquette problems. Address Claire Wallace, care of The Grimsby Independent, Grimsby, Ont. Replies will appear in this column.

**Questions and Answers**

Q. When entertaining house guests and the time for departure looms up, should the hostess, in politeness urge them to stay longer?

A. No. And the guest should not remain longer than the time stipulated in the invitation, even if asked to stay on.

Q. In visiting a sick friend, is it all right just to drop in, or should you telephone and enquire if it will be convenient?

A. Much kinder to find out if the sick person can have a visitor that day, and the most convenient hour for calling.

Q. This Christmas, I'm giving my photograph to a chap attending university. Should I sign the picture and write a message on it?

A. No. It's in better taste not to do so.

Q. At a dinner party, does the guest of honor or the hostess sit down first?

A. The hostess. She is the head of the table and the guests take their cue from her in being seated, unfolding the napkin, and rising from the table. In being served, the guest of honor comes first.

gain 5, 10, 15 lbs.**

Get New Pep, Vim, Vigor

What a差!! Many folks still eat; very hollow! Still we don't do enough exercise; body loses weight. This is the reason why many people are fat. Women, men, who never could gain before, are now prone to obesity, because they are becoming less active. The result is that they are getting fatter. Centre, Inc., houses, stimulants, laxatives, iron, vitamins, etc., can't help you more. You must give up more meat and carbohydrates; just give them more fiber and protein. You need not gain weight. Don't eat greasy foods or too much. You need for normal weight. Centre, Inc., New York "assimilates" one only. Try famous Oatmeal "Tonic Tonic" and you will gain added pounds, this very day. At all times.

Big doings have been transpiring at the Beamsville Fairgrounds of late. Recently the Hon. Charles "Tod" Daley visited with the Beamsville Citizens' Band as they held a massed band concert to officially open the new bandshell, of which they are justly proud. The new shell adds considerably to the appearance of the grounds, and the scene is further enhanced by the painting of the grandstand and the erection of a "racing" type fence. In the above photo are six men who took part in the opening ceremonies. Tod Brown, bandmaster of the Beamsville Citizens' Band, who shared conducting honors with Mark Fairchild, conductor of the Welland Concert Band, and Harold Patterson, bandmaster of the R.H.L.I. Band of Hamilton. Front and centre are Charles Shepherd, President of the Beamsville Band, and whose efforts were largely responsible for the erection of the new bandshell. Next is Tod Daley, who presided along with Reeve Franklin Laundry at the proceedings. The Band is currently practising for the forthcoming Canadian National Exhibition in which they are again entering, and also for the Beamsville Fair which is scheduled for the 8, 9 and 10th of September.

**WINONA CARNIVAL RATED BEST EVER STAGED BY LOCAL LEGION**

With a thunderstorm clearing at the last moment, and a fresh breeze breaking the long heat wave, the night of August 11th went on record for "the biggest and best" Annual Carnival of the Winona Legion, ever held.

The crowds came pouring in all evening, from Beamsville, Grimsby, and many from Hamilton as well. Cars were lined up both streets cornering Winona School Grounds. A good few license plates bore the legend of U.S. tourists, who happened in after seeing the lights, and stayed, and stayed!

The veterans of the Winona Branch of the Canadian Legion (196) have always gone all-out to make the night a success, and they didn't fall down on this one. With a grand prize of a free trip to New York City for two, including tours of the city, Rockefeller Centre, Television studios, National Broadcasting studios, a yacht trip around Manhattan, and dinner dancing at the fabulous Diamond Horseshoe; a special Quiz program presented by "Did I Say That" with cash prizes; and an extra draw for a pet skunk were only a few of the attractions that made the night exciting to all.

As to the games, the huge Bingo table offered as prizes kitchen-ware, etc., well worth taking home, with all seats filled until closing time, and at times a line-up waiting to play. Selling tickets and taking in cash was Bob McIntyre, in charge of the table, as Syd Jones "stood up" under four hours of calling "under the B-42, under the G-81" into the P.A. system. Helping were Frank Hill, Bob Griffith and others. The first "Bingo," a shining aluminum kettle was carried off by a little four-year-old girl, who clung tightly to her prize all evening.

There were the booths of the "old army game" and other games, with the participants as usual about three deep, and all trying to lose their money fastest. Menning these booths were Llewellyn Smith, Alastair Smith, and Jack Davies. Art Biggar kept the crowds moving up to the Musky booth, a new one this year, where anyone who had a steady aim and a good trigger finger could win cigarettes. The Penny Pitch never fails to lure, and Ross Harris kept raking those pennies in. At the "cat" game, the slightly dated heads of Hitler, Hirohito, and an unnamed gentleman were hammered thoroughly for cigars, under the direction of Mike Giacomo. The pop of punctured balloons sounded often but not as often as the poppers hoped at the dart and balloon stall, run by Pat Bankier. For the kiddies, a fish pond pived with a roundabout for excitement, as Mrs. Sydney Jones found prizes for each fisherman. On the roundabout, complete with sailboats to whiz along, expressions of the faces of

the youngsters ran the gamut of grinning nonchalance from the old-timers on to shining eyed seriousness of the tiny tots.

During the Quiz Show, run by Harvey Dodds of "Did I Say That" fame, a spirited exchange of questions and answers occupied fifteen minutes. Called to the stand first was J. Arthur Biggar, President of the Legion, who told the crowd that the Carnival was being held to supply the final amount needed to clear off the new Legion Hall, as a finished project. \$500.00 was needed, he said, and hoped that the end of the evening would see their hopes realized. He then led off the Quiz, with correct answers to a popular music question, and was followed by contestants, Mrs. J. A. Biggar, Ozzie Prentiss, Pat Wilson, Walter Shean, Billy Harris, Maurice Dopko, B. Bennett, Bruce Walker and Johnny Moore. Those interviewed will have the chance of hearing their voices again in a re-broadcast again over CFRB and CHML on the nights of August 23 and 30th, at 7:30 p.m. and learning if they won or not.

The end of the evening saw the big moment, the Drawing for the Free trip to New York. Excitement ran high as little Audrey Howie dipped into the big barrel and the winner was found to be Jim Coleman, King Street, Stoney Creek. It was found later that Jim won't be very interested in dinner dancing at Billy Rose's Diamond Horseshoe, not much at all. The grandson of P. J. Harris, he's only ten years old, and he will take the money, please!

The glistening and friendly little (de-skunked) skunk in the red cage was won by George Marfel, who declined his prize, asking that it be raffled off to the highest bidder. After a good battle of bartering it went to Mrs. James Kinnear of Community Beach.

There was a steady run on the refreshments all evening, and Tommy Thomasson claimed to have poured hundreds of gallons of orange crush and chocolate milk. A cool drink calls for something to eat, and at the Hot Dog stall, it

**FAMILY CHEATS DEATH AS GIRL BRAVES BLAZE**

Ethel Dawson, 15, of Orono, Ont., prevents tragedy as home burns

It was 4 A.M. when Ethel Dawson awoke, choking and blinded by smoke. Seeing flames, she rushed to the next room and snatched her two young brothers and sister from their bed. Flames were everywhere as she guided the children down the stairs and outside. Carrying young Dick, she tried to calm the other two — although her own heart

pounded with fear for the children's safety. Re-entering the house, she aroused her parents. Less than 5 minutes after all were safe, the house was a mass of flames. "We have Ethel to thank for being alive," said Mr. Dawson later. We are proud to present THE DOW AWARD to Ethel Dawson of Orono, Ont.

THE DOW AWARD is a citation presented for acts of outstanding heroism and includes a \$100 Canada Savings Bond. The Dow Award Committee, a group of editors of leading Canadian daily newspapers, selects winners from recommendations made by a nationally known news organization.

There were the booths of the "old army game" and other games with the participants as usual about three deep, and all trying to lose their money fastest. Manning these booths were Llewellyn Smith, Alastair Smith, and Jack Davies. Art Biggar kept the crowd moving up to the Musketry booth, a new one this year, where anyone who had a steady aim and a good trigger finger could win cigarettes. The Penny Pitch never fails to lure, and Ross Harris kept raking those pennies in. At the "cat" game, the slightly dated heads of Hitler, Hirohito, and an unnamed gentleman were hammered thoroughly for cigars, under the direction of Mike Giacco. The pop of punctured balloons sounded often but not as often as the poppers hoped at the dart and balloon stall run by Pat Bankier. For the kids, a fish pond vied with a roundabout for excitement, as Mrs. Sydney Jones found prizes for each fisherman. On the roundabout, complete with sailboats to whizz along, expressions of the faces of

### SALTFLEET COUNCIL WILL NOT GRANT MORE LIQUOR LICENSES

At the regular meeting of the Saltfleet Township Council last Tuesday, a discussion was held on the application for liquor licenses on the part of two Saltfleet establishments. The Council passed the resolution to be considered by the chairman of the Liquor License Control Board, that the Saltfleet Township Council are opposed to the granting of any further liquor licenses for the township. It was

agreed by all that the problems arising from many of the places now possessing liquor licenses made the desirability of any more, unfavourable. Said Councillor G. M. Found, "It may not be altogether fair that one hotel owner or a few such owners should get all the business in the township, but at the same time, we don't want any more liquor licenses granted in the municipality."

The rest of the meeting was light with one or two minor by-laws being passed, but it was felt that the liquor question was the most important, and the discussion will be taken up thoroughly again at the next meeting on Sept. 5th, when Mr. F. B. Seaman, Secretary, will have heard from the Licence Control Board.

Central Press Canadian  
Armless 22 years, Los Angeles truck driver Carl C. Moody, 35, demonstrates how he writes checks holding pen between his teeth. What makes this news is fact that work has been scarce and he wrote a bad one, to get groceries for his wife and 14-year-old daughter, he said. He's serving 30 days. Moody holds a non-restricted chauffeur's license, drives standard-type trucks.

**BILLY COFFMAN—A FINE AMBASSADOR AT AKRON DERBY FINALS**

Billy Coffman today was just another boy among the 29,000 from Panama to Alaska who set their sights on world fame as winner of the 12th annual All-American Soap Box Derby. The 30,000th boy, be-spectacled Freddie Derkis, 15-year-old carrier boy for the Akron Beacon-Journal, was the one Lady Luck chose to ride with.

Freddie, 15-year-old country boy, helped his dad cut down an 80-foot black walnut tree on their farm, and then carved out a winner which brought him nation-wide acclaim. To the boy from the host town went the \$5000 college scholarship, medals, trophies, and fame and fortune from newspapers, movies, television and radio.

Billy Coffman, who won over 67 contestants in St. Catharines, July 16th, was in the sixth of the 78 elimination and final heats. The race went with clockwork precision as usual, and Bill's silver racer proudly carrying the Maple Leaf emblem started down the 975-foot slope at nine minutes after two. Just 28 seconds later Bill flashed across the finish line third in his heat, and eliminated. He was about three car lengths behind the heat winner, a lad from Dayton, Ohio, where the original Soap Box Derby took place in 1933. The Dayton boy was eliminated in the next round.

After the race, Bill was like all the other boys. He was disappointed—not because he had lost the glory of the grand championship. But because he felt he had let down his supporters back home. He felt he owed them a champion's performance, and that characteristic in itself proved he was a champion. He talked briefly about his wheels, which he felt were a little sticky, but he didn't want to make excuses. He gave in gamely to defeat, and later he'll satisfy himself about those wheels.

Use of power tools was ruled out in making cars for this year's derby and this may have accounted for slightly slower times than last year. Clocked to the hundredth part of a second by magic-eye timers, the Derby racers ran the course with little more than one second's difference. Fastest heat was by nearby Cleveland, with 27.03 seconds. Slowest winner was clocked at 28.26 seconds. Try to do something in that 1.23 seconds separating the two and you'll see how nearly equal all cars were.

A crowd of 60,000 jammed the permanent course at Derby Downs where a 30-minute parade of bands, drum majorettes and floats preceded the race. The weather was hot and clear, with light breezes blowing across and up the track. Overhead blimps, jets, and planes from the U.S. army and navy filled the sky. Prominent guests adding to color of the "greatest amateur racing event in the world" were the Governor of Ohio, Gen. Jimmy Doolittle, and screen star Jimmy Stewart, who spent part of his honeymoon mingling with the champs at their Derbytown Y camp, and with the newspapermen from 148 cities covering the efforts of "their boy."

The cars that kept in the race to the end were all long, low, highly polished, bullet-like cars, and this should be the style St. Catharines district boys should plan for the 1950 Derby. In Akron the experts claim that the most important thing is to make a car like that, and then to steer a straight course, particularly in the early

stages when the slightest wobble cuts drastically into the time of the heat.

So Bill Coffman joins the former champs of the St. Catharines Soap Box Derby. With him he carries memories of four glorious days which he will never forget. His parents, Mr. and Mrs. David Coffman of R.R. 1, Beamsville, enjoyed four exciting holidays, and his brother, Lewis, comes home determined to build a car that will win next year at St. Catharines and go on to win at Akron.

Bill Coffman met boys from all parts of North America. He lived like a king for four days. He took part in sports, he watched special sporting events arranged in his honor. He ate royally, and last night for the last time he returned to his camp cabin as motorcycle policemen carved a route for the champs' busses. In the cabin Bill has amassed dozens of souvenirs of his trip, among them a gold wrist watch.

But most important, Bill was a good ambassador of Canada, and learned how to win or lose like the champion he is.

**TURNING THE PAGES OF "CANADA UNLIMITED"**

Under the fragrant pines at Cap Tourmente, students at St. Joachim School gathered to learn arts and crafts. It was 1868. The students soon produced fine work—and set a pattern for distinctive Canadian art.

A new form of art appeared after 1760. British soldiers made sketches of their life and experiences in the New World. Later, artists were commissioned to travel through the land and permanently record its development on canvas.

Many foreign artists saw the promise of Canada in the early 1800's. Among these new citizens was Cornelius Krieghoff. His gayly coloured and animated scenes reflected the bustling activity of the new country.

As Canada has grown, the spirit of the times has made possible a glowing tradition of truly Canadian art. After 1918 the now-famous Group of Seven Canadian Artists started a new school of endeavour. The progress of our nation has given our artists unlimited material to draw from. Yes, there's room to grow—in Canada Unlimited.

Just how much room is told in "Canada Unlimited", an illustrated 144 page book published by the O'Keefe Foundation. You may obtain your copy by sending 25c in cash (no stamps or cheques, please) to "Canada Unlimited", Dept. N3-14, O'Keefe House, Toronto, Ontario. Please print your name and address clearly. All monies received will be donated to the Canadian Citizenship Council.

## FRUIT BELT SOFTBALL

### MILLS WIN 1 FOR 3

The Grimsby Silver Mills Girl's Softball team continues to steam along through its schedule with Community Beach apparently their main stumbling block. This last week they report three games to us, one win over Beamsville and two losses to Community Beach.

On August 10 the Mills played Community Beach in a four point game which was due to a postponement. The Beach grabbed the fixture by a 17 to 6 score. Moore and Furier did the hurling for Grimsby while Byford was behind the bat. On the hill for Community Beach was McKay with Wilson behind the bat. Jean Marshall of the Beach accounted for the only round tripper of the game.

Grimsby 101 300 1-6 17  
Community 022 903 1-17 30

On the 12 of August the Grimsby girls returned to the Beach and ended up on the wrong end of a close six to four decision. Batteries were Moore and Byford for Grimsby, and Lois and Wilson for the Beach. The game was a tight contest all the way.

Grimsby 200 010 001-4 7  
Community 011 311 01x-6 4

The third game was on August 15 at Beamsville and proved to be a good night for the Grimsby gals. Treschuk was on the mound for the locals while Burch did the backstop chores. Beamsville had Romagnoli doing the throwing and Juhlike doing the catching. Final score, Grimsby 14, Beamsville 11.

Grimsby 100 145 3-14 12  
Beamsville 007 202 0-11 8

### BELCOT BLANKS PEACH KINGS AS SMITHVILLE WINS SERIES

The Peach Kings of Grimsby might possibly dream of some way of talking themselves into the fact that they can hit one Johnny Belcot, but you sure can't prove it by the records of the third game, in which said Mr. Belcot limited the Kings to three very scattered hits, and sent them back home with a large goose egg, and a free ticket into the tough O.A.S.A. class "B" semi-finals.

Yes, it was Belcot's pitching that defeated the Kings, plus a fence-clearing smash from a substitute first baseman by the name of Lane. His clout scored three runs, and Tylee added another homer for good measure, and just about sums up the game, which was played before the season's largest crowd at Beamsville.

Gord Buchan, hurling for the Kings left little to be desired, racking up four strikeouts, and limiting Smithville to seven hits. Buck's only error was grooving a couple of home run balls to Messrs. Lane and Tylee.

### KINGS BOOT AWAY SECOND GAME TO EVEN FRUIT BELT FINALS

The Peach Kings literally booted away their chances of taking the Fruit Belt championship in two straight, as they committed enough errors to give the Smithville team more than enough assistance for a sound eleven to three win. The largest crowd of the season witnessed the game, which saw John Belcot pitted against Frank Bouk. Bouk more than held his own, at least while it still made a difference, giving up only six hits in the first seven innings. He weakened in the final, when Smithville scored five runs, but by this time the Kings had more than given the game to Smithville on a silver platter.

The old master, Belcot, was in good form for the first time in the past two weeks, as he hurled hitless ball for six innings, the Kings got to him for five hits, including "Red" Warren's Homer, which was the only deserving four base knock of the game.

The roof fell in on the Kings right in the first inning, as Smithville scored three runs on two hits and two errors.

The Kings used a somewhat different line-up, Riches patrolling left field, in place of the injured Bobby Neale, while Bill Metcalfe covered second. Demerling and Robison split the chores in right.

Grimsby 000 000 102-3 5 6  
Smithville 300 021 05x-11 10 2  
Batteries—Smithville, Belcot and Book; Grimsby, Bouk and Bentley.

Umpires—Polly and Mooradian, St. Catharines.

### BEACH GALS WIN PLAYOFF BERTH

By the time that this appears the playoffs in the West Lincoln Girl's Softball league will be well into the semi-final rounds. Grimsby Beach which has been the dark horse of the league all season came up with a burst of power in the final stages of the race and landed, after the smoke had cleared, in third place. This is rather unique since when there was only one scheduled game left for them to play, they were in fifth place in the six team league. Grimsby had nine points, Stoney Creek had ten and Grimsby Beach had eight. Grimsby Beach met Caistorville, won the game and thus gained two points, tying them for third place in the race with Stoney Creek. In a league meeting Stoney Creek conceded the place to Grimsby Beach, who will now meet the first place Caistorville team in a three out of five semi-final series. Meanwhile Stoney Creek and Grissie will play the other semi-final series.

In defeating Caistorville in the last of the scheduled league games, Grimsby Beach looked very strong. In the first inning they led off with seven runs and kept up the pace until they entered the last inning with a seventeen run margin. In the middle of the inning, Caistorville who had been dissatisfied with the umpiring all night, refused to continue with the game and pulled their batter out of the box. Before leaving the field, however, they "conceded" the game to Grimsby Beach.

A report of playoff progress will be found elsewhere.

### RED WARREN'S HOMER IN 10TH SNARES OPENING WIN FOR KINGS

Among other things the local Bank of Commerce has done for our town, it brought in a guy by the name of Warren, who is just about the best darn ball player we have at the present time. A consistent player all season, and a good clutch hitter. Red Warren really picked the choice spot to come through with a tenth inning Homer, which gave the Peach Kings an almost unexpected 4-3 win over Niagara Food Products. It was the first of a best of three series in the O.A.S.A. Intermediate "B" playdowns.

A surprisingly small crowd witnessed the good game, which saw the Products take a run lead in the first, but Frank Bouk walloped a Homer over the track in the second to even the count. Bouk then proceeded to strike out the three remaining times at bat, going for a lot of bad ones which Lefty Kaye tossed his way as sucker bait.

With two down in the fourth, the Kings' Bobby Neale singled, and with Warren running for him due to an injured limb, Warren crossed the plate on Bentley's single and a passed ball. Niagara came back with two in the sixth, aided and abetted by the Kings' messin up of a double play. McDougall and Jones scored on singles, with Marquette and Broughton contributing.

The Products team had the better chances to score in innings seven, eight and nine, but Gordie Buchan hurried steady ball, backed

up by the mint. Within two hours, he produced a tiny piece of gold; but his "secret" was discovered the next day. One of his assistants, who managed to be present, had given him a cigarette containing gold dust. Franz, while

working for a moment with his back toward the watchers, had flicked the ashes into the mixture.

The trouble with reaching the age of 90 is that you see your children becoming middle-aged.

On every road—night or day, Walk facing the traffic—it's the safest way.

Make it a habit to walk on the LEFT side of the road near the curb or shoulder. When you see oncoming cars, step off the road and avoid them.

### WINONA LEGION CARNIVAL

(Continued from Page 1)  
took the combined efforts of Don and Clara Ecker, with Bill and Mary Collin to keep putting the dogs between the buns. At the Ice Cream booth the Harvey Eassons were scooping it out pretty steadily, too!

It was a grand evening, and everyone had fun. All members of the Legion pitched in, worked hard and had fun too, with the huge event planned by the Ways and Means Committee of the Legion, under the direction of Chairman P. J. Harris, supported by members Alastair Smith and Sydney Jones. To those members of the Legion who worked untiringly and enthusiastically to set up stalls and run them, goes the credit for the great success of the evening. Tickets were sold at the entrance by G. Morton Found, and Misses Edith Coker and Betty Johnson. The excellent music provided was supplied by Thomas Herechuk, of Crofts Electrical Appliances of Hamilton. All in all there was no doubt that it was, to quote P. J. Harris, "the biggest and best carnival we have ever had!"

Canada today has 7,524 chemists and chemical engineers, about 5,500 of whom are professionally active.

## RECREATIONAL NEWS

The closing date of the Grimsby Recreational Program will be the 26th of August. So says Mr. Frank Psutka, the Grimsby Recreational Director. End of the season activities will begin very soon for those who have participated during the year.

On Wednesday, August 24, there will be a track and field meet on the campus of the High School. All members of the program are invited to take part and it is reported that the prizes will be well worth while.

Then to follow this up and on Thursday, August 25, there will be an all day picnic and hike. Those going on this hike should bring along their lunch and some refreshments. Since this is the last hike of the season Mr. Psutka is hoping for a good turnout.

On Friday the 26th, last day of the program there will be films of interest to all as well as skits and contests to be staged. Enrollment in the program has reached an all season high of 120 and as a result and due to the good weather the daily attendance has also risen.

The football practices being held each Tuesday and Thursday evenings from 7 to 9 p.m. are well attended and the boys are starting to show the results of conditioning. Those who are interested and have not yet shown at the workouts are urged to come out and learn fundamentals while getting in shape for the coming season.

Note—Although the crests for the program have not shown as yet it is hoped that they will be along in a few days.

### TO AID TUBERCULOSIS PATIENTS

Ottawa, July 19—A tuberculosis control grant of \$63,000 to finance a hospital admission chest x-ray program in smaller hospitals throughout Ontario has just been authorized under the terms of the national health plan Hon. Paul Martin, federal health minister announced today.

"This project is designed to discover cases of tuberculosis among patients entering public hospitals and to protect staff members and other patients from tuberculosis contacts," Mr. Martin explained. "Large grants of federal funds have already been made to pay for the installation of x-ray equipment in the larger hospitals throughout Ontario. Smaller hospitals in which the installation of miniature film equipment is not warranted because of their small number of admissions will be paid \$2 for each standard chest film taken on patients admitted to their care."

The following is the provisional list of smaller hospitals which will benefit by the grant: Stevenson Memorial, Alliston; Rosamond Memorial, Almonte; Arnprior and District Memorial, Arnprior; St. Joseph's General, Blind River; General, Campbellford; Lady Minto, Chapleau; District Memorial, Chesley; Clinton Public, Clinton; Lady Minto, Cochrane; Halldimand War Memorial, Dunnville; Durham Memorial, Durham; Groves Memorial, Fergus, West Lincoln Memorial, Grimsby; Hanover Memorial, Hanover; Notre Dame, Hawkesbury; St. Paul's, Hearst; Anson General, Iroquois Falls; Kincardine General, Kincardine; Memorial, Listowel; St. Joseph's General, Little Current; Rosedale War Memorial, Matheson; Mattawa General, Mattawa; General, Minden; Louise Marshall, Mount Forest; Niagara Cottage, Niagara-on-the-Lake; General, Palmerston; Willetts, Paris; General, Parry Sound; General, Penetanguishene; General, Sioux Lookout; Saugeen Memorial, Southampton; General, Strathroy; Lockwood Clinic, Toronto; General Winchester.

Also included are the Red Cross outpost hospitals at Apsley, Bancroft, Beardmore, Emo, Englehart, Espanola, Haliburton Hawk Junction, Horneypayne, Mindemoya, New Liskeard, Rainy River, Red Lake, Richard's Landing and Thessalon. Costs of this project which was recommended by the Ontario Department of Health, will be charged against Ontario's share in the more than \$3,000,000 being given annually by the federal government for the extension of tuberculosis control measures throughout Canada.

### QUEEN'S SYNCHROTON

Significant development in Canadian research is the installation of a 70 million volt synchrotron in an underground concrete shelter at Queen's University, Kingston, Ontario, this summer.

This electron accelerator generates high energy X-rays and will provide Canadian scientists with the means to conduct important research in the X-ray and nuclear fields.

The synchrotron was purchased by Queen's with the assistance of the Atomic Energy Control Board. It is similar in design to the one developed by the research laboratories of the General Electric Company at Schenectady and which is believed to be the only one in operation.

## NOTICE

THIS IS FINAL NOTICE that all property owners must see that all weeds on their premises are cut without delay, as provided in The Weed Control Act.

F. E. RUSS,

Inspector.

Dated, Grimsby, August 15th, 1949.

## GRIMSBY LIONS CLUB FINANCIAL STATEMENT

The following is a financial statement as issued by the treasurer of the Grimsby Lions Club, covering the period of June 30th, 1948, to June 30th, 1949. The statement is self-explanatory, and is indicative of the fine work being carried out by the Grimsby Lions, whose record of achievement during the past ten years has been outstanding in this zone, where Lions are especially active and interested in their home areas.

For Period of June 30th, 1948, to June 30th, 1949

### MOST CROPS ARE UP SAY THE STATISTICIANS

It was once believed that Christians might not enter a church to pray without first washing their hands.

Second preliminary estimate of Ontario's apple crop indicates a production of 639,436 barrels which is approximately 30 per cent greater than in 1948. The compilation comes from the Statistics Branch, Ontario Department of Agriculture. Figures are on July 15 estimate.

Grapes will show a slight drop from last year with 24,600 tons as compared with 27,322 tons last year.

Plums show some improvement since the last report. Crop for 1948 was 295,500 bushels. For 1949 the estimate is 371,400.

Peaches last year totalled 1,030,320 bushels. Present estimate for 1949 is placed at 1,184,900, an increase of 15 per cent.

Cherries show an overall decrease of six per cent from last year. Figures are 251,400 bushels for 1948 as against 245,900 bushels for 1949.

The strawberry crop showed a drop of 55 per cent over last year. Total crop was 958,000 quarts.

### OBITUARY

Funeral services were held from St. Mary's Church, Monday for Nicholas Kushko, 45, of Murray Street, North Grimsby Township, who died suddenly at his home, Friday evening, August 12.

Deceased came to Canada from Austria in 1904, and to this district about seven years ago, where he has operated a small farm. He is survived by his wife Ella, two sons Andrew and Patrick, and two daughters, Steffini and Carol Ann. A brother, Andrew of Winnipeg, and other close relatives in Europe also survive.

Internment was made in Queen's Cemetery, Father Hannis officiating.

Aim high, but don't stop shooting just because you missed the first few shots.

## HAMILTON MAN WINS OPTIMIST BOAT

Jack Updell of 108 East 22 St., Hamilton, was the lucky gent whose ticket was pulled from the barrel by Mayor C. W. Lewis, and thus became the owner of the neat boat and trailer as offered by the Optimist Club of Grimsby.

Mr. Updell is a hardware salesman, and the winning ticket was sold by Gord Hadler, ambitious advertising man of Johnson's Hardware, Grimsby. Mr. Updell paid one dollar to lawfully receive the boat.
